

JOB VACANCY

As an innovative and internationally oriented manufacturer of premium intraocular implants (IOLs and artificial iris prostheses including the CUSTOMFLEX® ARTIFICIALIRIS), we develop, produce and distribute medical devices in order to provide the human eye the best possible vision.

In order to strengthen our Clinical and Medical Affairs Department at the Erlangen site, we are looking for an

INTERNATIONAL CLINICAL APPLICATION SPECIALIST - OPHTHALMOLOGY (M/F/X)

This position is a full-time permanent position and reports to the Vice President Clinical, Medical and Regulatory Affairs.

The successful candidate will become the company's international clinical expert of our world unique foldable artificial iris prostheses designed for both medical and aesthetic reconstruction of eyes with complete or partial aniridia. The candidate is also expected to gain deep knowledge of HumanOptics premium IOL portfolio and current trends in Ophthalmology.

MAIN RESPONSIBILITIES

- Responsible for providing product training and related surgical procedures to new users, sales representatives and other relevant staff.
- Work closely with customers, sales representatives and distribution partners and provide technical/clinical after-sales support either over the phone, remote, in-person or with prepared and scheduled webinars.
- Report any customer and product feedback, product-related concerns and improvement ideas.
- Monitor competitive landscapes and market trends
- Manage Key Opinion Leaders and competence centers
- Organize company activities at key international conventions in partnership with the Marketing and Medical Communication departments.
- Support the international growth plan strategy with the Sales & Marketing departments
- Support the Regulatory Affairs department for the registration of the artificial iris prostheses outside Europe
- Support the Marketing Department in the development of relevant marketing materials

YOUR PROFILE

- Degree in optometry, ophthalmology, medical technology, life sciences or a related discipline
- At least 3 years of clinical experience
- Must have excellent communications skills in English (written & spoken) and German (spoken) and teaching ability to work with customers in challenging situations
- Knowledge of French (spoken) is a plus
- Well organized and capable of working independently with no supervision
- Proficient skills with MS Office
- Ability to travel internationally (10-20%)
- Driver's license

WE OFFER

- Interesting, multifaceted tasks
- Interaction at eye level
- Collegial and very familiar working atmosphere as well as flat hierarchies, dynamic working environment and short decision-making processes
- Family-friendly
- The possibility to work remotely or to work in our offices based either in Erlangen (Bavaria) or in Sankt Augustin (North Rhine-Westphalia)
- 30 days vacation per year
- Christmas and holiday allowance
